PAC  
April 6, 2012  
ADDENDUM

PAC did not meet May 4, 2012. An emergency personal matter took the chair out of town and the committee decided it was not pressing to meet. It was agreed that:

- A MGT 496 proposal for Fall 2012 expected to come to the committee would be voted on electronically.
- Proposals for an Entrepreneurship Minor, a PhD program in MIS, and a Sales Specialization from the MKT Dept., all potentially arriving at the PAC in coming weeks: the committee decided that it would not vote on any of these electronically but rather felt all deserved discussion at a committee meeting prior to a vote.
  - The committee agreed to consider the possibility of meeting in late May or early June (but no later into the summer) if any of these three items reached the PAC. It was further agreed that if any of the three items came to the PAC but no date agreeable to the majority of the committee could be found during late May or early June that the items would be placed on the PAC’s agenda at an early meeting of the 2012-2013 academic year (sometime in September).

**MGT 496**

An electronic vote was taken of the PAC in late May on a MGT 496 – Special Topics proposal. The vote was:

- 6 Yes
- 2 No
- 1 Revise & Resubmit

On the basis of this vote it was determined that the PAC approves the MGT 496 for Fall 2012.

**PAC has no additional regularly scheduled meetings for 2012-2013.**
