Undergraduate Committee
Minutes
September 22, 2003

Present: Beth Chung, Pat Dintrone, George Easton, Larry Gitman, Gary Grudnitski, Jason Surya
Absent: Kathy Krentler

1. The Committee welcomed Jason Surya, representing the Associated Business Students Council.

2. Assessment
   a. Dintrone presented an update on the May Assessment report. Meetings were held with the IDS 302 faculty and Beth Chung from Management about instituting assessment in their core courses and both department intend to start data collection this semester.
   b. Krentler and Dintrone have spoken with Don Amoroso about assessment in IDS 180. Easton said that there would also be an update on the information collected in IDS 180 last year. There was considerable discussion about how the assessment of the lower division core courses would be affected by the IMPAC project now underway, and how IMPAC objectives would be updated in the future. IMPAC will specify objectives that articulated courses will need to meet.
   c. There is a meeting in Long Beach on November 7 to discuss the new CSU-Business Assessment Test that has been developed by a consortium of CSUs. Dintrone will attend the meeting and report back on whether this seems like a test that SDSU might want to administer.

3. Cohort Project
   a. Krentler’s summary of the cohort project was reviewed. The Committee voted to support the request for resources from the College to allow the project to become a more integrative experience for the students and to allow for the establishment of a Project Director/Coordinator.

4. Curriculum
   a. Dintrone told the Committee that she has notified the College Chairs, IB, and HTM that curriculum proposals must be in the hands of the Committee by October 20, 2003 to make the next University catalog.
   b. The new Honors Program was approved.
   c. The new BA 400 Honors Seminar was approved subject to revisions in the course outline.
   d. The numbering and description changes for ACCTG 201 and the numbering and prerequisite deletion for ACCTG 202 were approved. In the next catalog, Financial Accounting Fundamentals will be designated ACCTG 230, and Managerial Accounting Fundamentals will be designated ACCTG 220.
