Undergraduate Committee  
April 8, 2009  
Minutes

Present: Michelle Dean, Gary Grudnitski, Kathy Krentler, Bill Sterk,  
Sandi Williams
Absent: Annette Easton, Josh Lyon (ABSC Representative)

1. Retention Policy Wording Change
   Sandi Williams explained to the Committee that the wording change to the retention policy for pre-business and pre-major students, which was approved at the March 25, 2009 meeting, will be put on hold temporarily as the University is planning to adopt a policy on pre-major retention in the coming months.

2. Registration Limits
   The Committee was informed that the University is considering reducing the initial registration limit for undergraduates from the current 18 units to 17 units during web registration. This should aid in halting students who now over enroll with plans to drop one or more courses at a future point. It is not currently known whether this change can be implemented for the Fall 2009 semester.

3. Globalization
   The Committee reviewed various materials helpful in its consideration of the addition of a globalization goal and student learning outcomes for the BSBA program. Krentler will draft a goal and distribute it to the Committee for input. As part of the discussion, appropriate and available means of assessment were considered. Some schools assess globalization goals using embedded questions. This is a possibility to be considered both in core courses, and likely as part of the BAT exam administered in MGT 405, the CBA capstone course. Assessment of an assignment or case analysis using one of many available global perspective rubrics was also discussed.

The meeting adjourned at 11:15 p.m.

Next Meeting: Wednesday, April 22, 2009, 10:00 a.m.; Dean’s Conference Room
