Undergraduate Committee
May 12, 2010
Minutes

Present (via email): Annette Easton, Paul Graf, Kevin Hee, Kathy Krentler, Martina Musteen, Robert Plice, Sandi Williams, Alex Wolfe (ABSC Representative)

1. ACC Curriculum Issues
   
   As you recall from the minutes of the 5/3/10 meeting, the Undergraduate Committee had no additional meetings scheduled this semester. Earlier this week we received a request from the School of Accountancy to meet to consider a Change in Program proposal. The proposal had originally been discussed and passed in the School of Accountancy in Fall 2008. Due to an oversight within Accountancy, the proposal never made it to the College level committees for review. However they have been operating under the assumption that the proposal had been passed and would be going into effect in Fall 2010. Further, they had planned the fall schedule with those assumptions.

   The Undergraduate Committee reviewed the proposal and decided that we could vote on the proposal via email.

   Essentially their old program required Acctg 522 and one upper division Acctg elective. The proposed change dropped 522 as required and instead has the students pick two upper division electives (of which 522 could be a choice.) The basic idea was to provide more flexibility for students.

   The committee voted unanimously to approve the Change in Program.

This is the last action of the Committee for the 2009-2010 Academic year.
